IUCN Commission on Ecosystem Management (CEM)

Dear CEM Member,

This letter confirms your membership to the Commission on Ecosystem Management for the Quadrennial Period 2017-2020. You are now part of a select network of proactive volunteers from around the world who are leading the guidelines for ecosystem management.

You might want to get familiarized with CEM's structure and functioning. I invite you to go through the Code of Conduct ([Code of Conduct of the IUCN Commission Members](#)), the CEM Mandate ([CEM Mandate 2017-2020](#)) and the various terms of reference of the CEM Steering Committee ([Steering Committee TOR](#)), for the regional chairs ([Regional Chairs TOR](#)), and for Specialist and thematic groups ([Specialist & Thematic Group Leaders TOR](#)). We also produce a regular newsletter that highlights CEM activities. If you are not getting our communications, please check your junk/spam mail folder.

From the groups you have selected in the application form and according to the region where you live or work, we have provided information to the relevant chairs of CEM regions, leaders of Specialist and/or Thematic Groups and are expecting that they will be in touch with you in due course. Please follow up with the appropriate leadership if you have not received any response within about 6 weeks. Since we are all volunteers, we encourage a personal effort to getting involved and by being proactive.

After your personal details have been entered into the CEM database, you will be given access to the [IUCN Union Portal](#), whereby, you will be able to connect with other members of your chosen groups, and you will then be able to edit your profile. The [IUCN Union Portal](#) is a web-based, password protected system, which allows for networking, interaction and the sharing of information across the entire Union: Councilors, Members, National and Regional Committees, Commission members and the Secretariat. It is both a working area and an important communication and networking tool for all IUCN constituents.

In addition to providing working spaces and other features for strengthening Union interaction, the [IUCN Union Portal](#) provides access to directories of people and organizations where all users can access contact data of

The Executive Council of
International Foundation for Environment and Ecology, Kolkata
based on the strong recommendation of Search Committee
has pleasure in conferring

ENVIRONMENTALIST OF THE YEAR 2019 AWARD

upon

Dr. Alok Sagar Gautam

*Hemwati Nandan Bahuguna Garhwal University
(A Central University)
Srinagar-Pauri, Garhwal, Uttarakhand, India*

with all the rights and privileges appertaining thereto.

Given on the occasion of

6th International Conference on Environment and Ecology
held on 24-25-26 February 2020

at University of Allahabad, Prayagraj, Uttar Pradesh, India.

This award has been instituted for a selected few accomplished persons enabling them to guide the human race living in a historic transitional period of burgeoning awareness of the conflict between human activities and environmental constraints, preparing to venture into a new millennium and to finally help save the fragile and endangered planet with the natural resources already overtaxed. The recipient of this award will also help in developing a neurological and nomenclature approach to environmental education for reducing the toll that the World citizenry exact in supporting daily life and the ever growing problems and exerting profound pressures on the Mother Earth.

12 April 2012

Dear Dr. Gautam,

Welcome to the community of the Associate Members of the Abdus Salam International Centre for Theoretical Physics! I am happy to inform you that you have been appointed a

*Junior Associate of the Centre
from 1 January 2012 until 31 December 2017.*

This award is, however, subject to the availability of funds each year. Please, refer to the Annex to this letter for details.

During the above period you will be entitled to 210 days living allowance and three round-trip fares. Over the next three years, we expect to be able to substantially increase your living allowance. Each Associateship visit will have a maximum duration of 70 days, with a minimum of 35 days to obtain travel entitlement. Visits to the ICTP should be planned preferably when scientific activities in your specific field of research are being held. Details about travel entitlements are also in the Annex.

As stated above, a Junior Associate of the ICTP has an allocation of 210 days living allowance to be spent over the six-year award period; if you cannot exhaust this allocation in the three Associateship visits, you may use the remaining days in one or more visits, but in this case, travel expenses will have to be covered by other sources.

The Centre has assigned you an individual scientific coordinator to whom this letter is being copied (see below). Please get in touch with your coordinator to plan the scientific programme you intend to carry out during your associate visit. Once this plan is defined, the enclosed Form A should be completed and sent to the Office of Associate and Federation Schemes before 30 November of the year preceding this proposed visit. All requests will be considered on a first-come, first-served basis.
