**Activity Name: DST STUTI PROGRAM** 

The Department of Chemistry at HNB Garhwal University, in collaboration with Vanasthali Vidhyapeeth, Rajasthan and IIC, HNBGU, recently organized a week-long DST (Department of Science and Technology) Stuti program from May 12 to May 17, 2023. This program aimed to promote scientific research, innovation, and collaboration among students and researchers.

The Department of Chemistry at HNB Garhwal University is renowned for its academic excellence and research contributions in the field of chemistry. By joining hands with Vanasthali Vidhyapeeth, an esteemed institution known for its commitment to education and research, the collaborative effort created a platform for intellectual exchange and knowledge sharing.

The week-long program included a series of events, workshops, seminars, and interactive sessions conducted by experts in the field of chemistry. These sessions focused on diverse areas of research, ranging from organic and inorganic chemistry to analytical and physical chemistry. Participants had the opportunity to learn about the latest advancements, methodologies, and techniques employed in various research domains.

The DST Stuti program also encouraged networking and collaboration among students and researchers from both institutions. It fostered an environment conducive to sharing ideas, initiating collaborative research projects, and building long-lasting professional relationships.

By organizing this program, the Department of Chemistry at HNB Garhwal University and Vanasthali Vidhyapeeth showcased their commitment to promoting scientific research, nurturing talent, and fostering a culture of innovation. Such initiatives play a vital role in enhancing the research capabilities of students, encouraging interdisciplinary collaboration, and contributing to the overall growth of the scientific community.

The success of the week-long DST Stuti program can be attributed to the enthusiastic participation of students, the support of faculty members, and the dedication of the organizing
