Date: 16/August/2023

Ref. No. HNBGU/IIC/2023/0026

Event: Guest Lecture on "Innovating Drug Design and Molecular Modelling: Exploring the Entrepreneurial Potential of BIOVIA Discovery Studio"

Date and Time: August 16, 2023; 2:00 PM

Venue: Department of Pharmaceutical Sciences, Chauras Campus, HNB Garhwal University,

Srinagar Garhwal

Speaker: Dr. Ashish M. Kanhed, Technical Manager, Life Sciences Solutions, SOLIZE India

Technologies Private Limited

Key Points and Highlights:

Introduction: The event commenced with a warm welcome by [Host's Name], who introduced Dr. Ashish M. Kanhed as the keynote speaker. Attendees included students, faculty members, and industry professionals interested in drug design and molecular modeling.

Speaker's Profile: Dr. Ashish M. Kanhed began by providing an overview of his background, emphasizing his extensive experience in the field of life sciences and his role at SOLIZE India Technologies.

Exploring BIOVIA Discovery Studio: Dr. Kanhed delved into the capabilities of BIOVIA Discovery Studio, emphasizing its significance in modern drug discovery and molecular modeling. He discussed various tools and features that aid researchers in designing and optimizing pharmaceutical compounds.

Entrepreneurial Potential: A significant portion of the lecture was dedicated to exploring entrepreneurial opportunities in the pharmaceutical and life sciences sector. Dr. Kanhed shared insights on how startups and entrepreneurs could leverage tools like BIOVIA Discovery Studio to innovate and contribute to the field.

Interactive Session: The lecture encouraged active participation from the audience, with attendees asking questions and seeking clarification on various topics related to drug design, molecular modeling, and entrepreneurship.

Networking: Following the lecture, there was a networking session where attendees had the opportunity to interact with Dr. Kanhed and connect with fellow participants. This facilitated knowledge sharing and potential collaborations.

Closing Remarks: Gaurav Joshi, Convenor IIC expressed gratitude to Dr. Ashish M. Kanhed for his informative and engaging presentation. Attendees were encouraged to continue exploring the discussed concepts and reach out for further discussions.

In summary, the guest lecture on "Innovating Drug Design and Molecular Modelling" featuring Dr. Ashish M. Kanhed was a successful and informative event that provided valuable insights into the world of pharmaceutical innovation and entrepreneurship. Attendees left with a better understanding of the potential applications of BIOVIA Discovery Studio in their research and entrepreneurial endeavors. We extend our gratitude to all participants, sponsors, and volunteers who contributed to the success of this event. Their support and enthusiasm made the celebration truly memorable.

We look forward to organizing more such events in the future, fostering innovation and technological advancements within our academic community.

Best regards
