Meeting of Board of Studies in Seed Science & Technology was held on 07/10/2017 from 10 A.M onwards in the office of the Department of Seed Science and Technology. At the outset, the Chairman welcomed all the members of the Board. Subsequently, the agenda was taken up as mentioned below.

Agenda-1.

Approval of minutes of VII meeting of Board of Studies held on 28/03/2017 mainly to issue Certificate to Dr. Anoop Badoni as per UGC regulation (3rd Amend.) 2016 registered for Ph.D. prior to 11th July 2009. In the meeting, BOS members recommended Chairman, BOS for the issue of the certificate to the above said candidate. Annexure-1

Resolution:

The minutes of the 7th meeting of BOS held on 28/03/2017 were approved.

Agenda-2.

To consider the selection of the students for the Ph.D. program in Seed Science & Technology in allotted seats to the subject after conducting the interview/ viva voce/ presentations as per the HNBGU Ph.D. ordinances under Section 28 and clause No. 5.4 and 5.5.

Resolution:

The Committee unanimously recommended the following candidates for the Ph.D. programme in order to merit after thorough interview/presentations and viva voce.

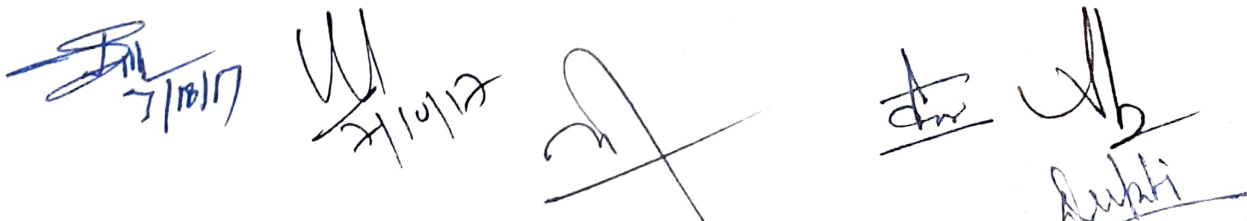

- | | |
|---------------------|--------------------------------|
| 1. NAVNEETI CHAMOLI | Category- General (Unreserved) |
| 2. RAKESH SINGH | Category- OBC |
| 3. VIJAY KUMAR | Category- SC |

Agenda-3.

To consider the request of Ms. Sobha replacing 2 of the objectives from earlier approved synopsis and include new objective to complete the research work.

Resolution:

On the recommendation of the Supervisor the BOS accepted the request of Ms. Sobha for change in the objectives (mentioned below) as per the provisions of Ph.D. Ordinance under Clause 11(b). Deletion of two of the earlier approved objectives (1) Assessment of seed

viability by standardized TZ test, and (2) Assessment of seed germination and dormancy breaking techniques, and incorporation of a new objective (1) Regeneration studies of *Taxus baccata* through air layering were approved.

Agenda-4.

Approval of the revised and restructured syllabi of Seed Science & Technology for M.Sc (Ag.) and pre-Ph.D students to be implemented from the academic session 2017-18. Revised syllabus placed for consideration and approval as per the HNBGU Ph.D ordinances under Section 28 and clause No. 8(a) and (b). Syllabus is attached as Annexure-6(a-b)

- 1) Syllabus for M.Sc. (Ag.) Seed Science & Technology
- 2) Syllabus for pre-Ph.D course in Seed Science & Technology

Resolution:

(1) The restructuring, corrections and changes of course in Syllabus of M.Sc.(Ag) Seed Science & Technology has been approved for implementation from 2017-18.

- Course SAS/ST/C009 *In Situ* and *Ex Situ* Conservation of Germplasm has been replaced by Seed Quality Testing which has been assigned the code SAS/ST/C009 in semester -II.
- Core Course SAS/ST/C013 Seed Deterioration has been removed from the syllabus.
- Seed Marketing and Management has been changed from SAS/ST/C014 to SAS/ST/C013.
- Seed Biotechnology has been changed from SAS/ST/C015 to SAS/ST/C014.
- Code of the Laboratory Course-III has been changed from SAS/ST/C016 to SAS/ST/C015.
- Code of Master's Research Thesis has been changed from SAS/ST/C018 to SAS/ST/C016.
- Course code of Laboratory Course-IV has been changed from SAS/ST/C019 to SAS/ST/C017.
- One of the self study course Biostatistics has been removed from the syllabus and replaced by another course SAS/ST/SS02 -Agriculture Research, Research Ethics and Rural Development Programmes.

(2) The restructuring, corrections and changes of course in Syllabus of Pre-Ph.D course of Seed Science & Technology has been approved for implementation w.e.f. academic session 2017-18.

- A new core course SAS/ST/C019- Research Methodology & Computer Application has been introduced in the Syllabus of Pre- Ph.D. course.
- Course code SAS/ST/C020 of Seed Health Testing: Principles and practices has been changed to SAS/ST/C018.

Assistant Professor
Department of Seed Science & Technology, HNBSGU | - | Member |  |

At the outset, the Chairman extended a warm welcome to all the members and acknowledged their interest in the academic eventuality, of the Department. Thereafter, the agenda items were taken up for deliberations.

Agenda Item No. 1: Approval of minutes of 12th meeting of Board of Studies held on 25/02/2019.

Brief: 12th meeting of Board of Studies held to consider the enhancement of seats in M.Sc. (Ag.) Seed Science & Technology as per the communication from HRD and the Decision of the University.

Resolution: The Board of Studies (BOS) confirmed the minutes of 12th meeting of BOS held on 25/02/2019.

Annexure-1

Agenda Item No. 2. Approval of progress reports of Ph.D. students.

- (1) The consolidated progress reports of Ms. Navneeti Chamoli, a Ph.D. student submitted in Seed Science & Technology was placed for consideration and approval as per the HNBGU Ph.D. ordinances under section 28 and clause 11 (a). The progress reports are attached as **Annexure-2**.

1st year progress report (six monthly) (from 10/11/2017 to 09/11/2018)
2nd year progress report (six monthly) (from 10/11/2018 to 10/10/2019)

Resolution: The consolidated progress report of Ph.D. student Ms. Navneeti Chamoli submitted and presented before the Board were approved.

- (2) The consolidated progress report of Mr. Rakesh Negi, a Ph.D. student submitted in Seed Science & Technology was placed for consideration and approval as per the HNBGU Ph.D. ordinances under section 28 and clause 11 (a). The progress reports are attached as **Annexure-3**

1st year progress report (six monthly) (from 10/11/2017 to 09/11/2018)
2nd year progress report (six monthly) (from 10/11/2018 to 10/10/2019)

Resolution: The consolidated progress reports of Ph.D student Mr. Rakesh Negi submitted and presented before the Board were approved.

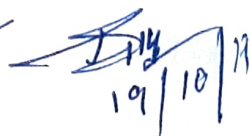

- (3) The consolidated progress report of Mr. Ranbeer Singh, a Ph.D. student submitted in Seed Science & Technology was placed for consideration and approval as per the HNBGU Ph.D ordinances under section 28 and clause 11 (a). The progress reports are attached as **Annexure-4**

1st year progress report (from 14/03/2014 to 13/03/2015)
2nd year progress report (from 14/03/2015 to 13/03/2016)
3rd year progress report (from 14/03/2016 to 13/03/2017)
4th year progress report (from 14/03/2017 to 13/03/2018)
5th year progress report (from 14/03/2018 to 13/03/2019)
6th year progress report (from 14/03/2019 to 19/03/2019)

Resolution: The consolidated progress reports of Ph.D. student Mr. Ranbeer Singh submitted and presented before the Board were approved.

Agenda Item No. 3: Re-registration request of Mr. Ranbeer Singh is placed for consideration and approval of the same as per the HNBGU Ph.D. Ordinances under section 28 and clause-11(a) para 4. **Annexure-5**

Resolution: Request of Mr. Ranbeer Singh seeking re-registration for completion of Ph.D. thesis on the expiry of 5 years was placed in BOS and discussed thoroughly at length by the BOS. After considering the reasons stated by the candidate in his application dully recommended by

the supervisor, the Board of studies accepted the request and recommended the request and forwarded application to the Dean, School of Agriculture & Allied Science and necessary action under the provision of Clause 11 (a) of the Ph.D. ordinance.

Agenda Item No. 4: To consider the Pre-submission presentation/seminar of Ph.D. Mr. Ranbeer Singh as per the University Ordinances for Ph.D under Section 28 and 11(C).

Resolution: Pre-submission presentation/seminar of Ph.D. Thesis given by Mr. Ranbeer Singh as per University Ordinances for Ph.D under Section 28 and Clause 11(C) approved by the Board.

Agenda Item No. 5. Consideration and approval of the Course Outcome and Specific Outcome of M.Sc. (Ag.) Seed Science & Technology.

PROGRAMME SPECIFIC OUTCOME

Students having a postgraduate degree (agriculture) in Seed Science and Technology have many career opportunities. Apart from the state/Central competitive examinations, they can work in private as well as Government sectors. Besides this, there are many self-employment opportunities. There are posts of Seed Testing Officer, Seed Production Officer in the private sector where students can seek out job opportunities. Teaching is another career opportunity. If candidates are interested to work in private sector, then they can pursue their career as seed breeder. They can give advice to their clients by opening their own office on how to manage and design farms and gardens. They can also pursue their career as Horticulture consultant. They can start an agricultural clinic for providing professional extension service to the farmers. Aspirants can pursue their career as seed dealer, seed producer and fruit / vegetable grower. They can start up florist shops or indoor mushroom cultivation business.

COURSE OUTCOME

Name of the Course: Master of Science (Agriculture) Seed Science & Technology

SAS/ ST/ C001 Floral Biology, Seed Development and Maturation

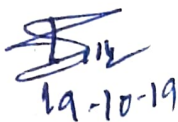

To refresh the basic knowledge of seed development and structures and applications with its relevance to production of quality seed.

SAS/ ST/ C002 Principles of Seed Production

To introduce the basic principles of quality seed production

SAS/ ST/ C003 Genetics and Plant Breeding

This course is aimed at understanding the basic concepts of genetics, helping students to develop their analytical, quantitative and problem solving skills from molecular genetics. To impart theoretical knowledge and practical skills in achieving breeding objectives, modes of reproduction and genetic consequences, breeding for crop improvement. Also to provide understanding about mechanisms of genetic diversity and its exploitation for yield improvement through conventional and biotechnological approaches.

19-10-19

Seed Physiology

SAS/ST/C004

To provide an insight into physiological processes governing seed quality and its survival.

SAS/ST/C005

Seed Processing and Storage

To impart knowledge on the principles and techniques of seed processing for quality upgradation and of storage for maintenance of seed quality.

*SAS/ST/BC01

Introductory Agriculture (A Fundamental Concept) (Bridge Course only for Non-Agriculture Graduates)

The students coming from biology background i.e. non-agriculture graduates have to pass a bridge course on Introductory Agriculture. This is to impart knowledge about various aspects of basic agriculture such as the Indian agriculture, scope and food resources, soil and fertilizers. Further the students have to aware about fundamentals of horticulture, silviculture and scope of agro forestry.

SAS/ST/C007

Seed Production in Vegetables

To impart a comprehensive knowledge of seed production in vegetable crops with adequate practical training.

SAS/ST/C008

Seed Legislation and Certification

To apprise students with the legislative provisions and processes and the mechanisms of seed quality control.

SAS/ST/C009

Seed Quality Testing

To provide a comprehensive knowledge on all aspects of seed quality evaluation and their relevance to crop performance.

SAS/ST/C010

Seed Pathology

To acquaint the students with principles and practices of seed health tests and management of seed borne diseases.

SAS/ST/C011

Intellectual Property and its Management in Agriculture

The main objective of this course is to equip students and stakeholders with knowledge of intellectual property rights (IPR) related protection systems, their significance and use of IPR as a tool for wealth and value creation in a knowledge-based economy.

SAS/ST/C013

Seed Marketing and Management

To apprise students about the seed supply system, concepts and principles of effective marketing of seed and strengths and weaknesses of the seed sector.

SAS/ST/C014

Seed Biotechnology

The course is aimed at understanding the basic concepts of seed biotechnology and to impart theoretical knowledge and practical skills used in agricultural biotechnology.

SAS/ ST/ E001 Basic Concepts in Laboratory Techniques

To acquaint the students about basics of commonly used techniques and safety in laboratory.

SAS/ ST/E002 Germplasm Collection, Exchange and Quarantine

To provide information about collection, germplasm exchange, quarantine, maintenance and use of plant genetic resources including genetically modified plants.

SAS/ ST/ E003 Seed Production in Field Crops

To impart a comprehensive knowledge of seed production in field crops with adequate practical training.

SAS/ ST/ E004 Seed Production and Cultivation of Medicinal and Aromatic Plants (MAPs)

Medicinal and aromatic plants (MAP) cultivation, processing and marketing is an upcoming agro-industry in this field which is changing the lifestyles of a number of growers and entrepreneurs. Task of collection of medicinal plants from forests and make analysis on raw materials in laboratories. To grow the medicinal plants and lead to the release of a number of high yielding cultivars, development of their agro-technologies, processing technologies and product technologies.

SAS/ST/ SS01 Emerging Trends in Seed Quality Enhancement

To update knowledge on seed quality enhancement technologies and their application.

SAS/ ST/E005 DUS Testing for Plant Variety Protection

To provide a comprehensive understanding of Distinctness, Uniformity and Stability (DUS) testing, its conduct and significance to plant variety protection (PVP).

SAS/ ST/E006 Weed Management in Crop Seed Production

To acquaint students about weed control which is the process of limiting infestation of the weed plant so that crops can be grown profitably. Management of weed includes prevention, eradication and control by regulated use, restricting invasion, suppression of growth, prevention of seed production and complete destruction ultimately lead to weed control. Several cultural practices like tillage, planting, fertilizer application, irrigation etc., are employed for creating favourable condition for the crop. These practices if used properly help in controlling weeds.

SAS/ ST/E007 Hybrid Seed Production

To provide a comprehensive knowledge and practical exposure to hybrid seed production in field crops and vegetables.

SAS/ ST/SS02 Agricultural Research, Research Ethics and Rural Development Programmes

To enlighten the students about the organization and functioning of agricultural research systems at national and international levels, research ethics, and rural development programmes and policies of Government.

also approved by the Board.

Resolution: The Board took note of the above brief.

Agenda Item No. 2: Approval of the revised and re-structured syllabi of Seed Science and Technology for M.Sc (Ag.) and Pre-Ph.D students to be implemented from the academic year 2020-2021. Revised syllabus placed for consideration and approval as per the HNBGU ordinances under section 28 and Clause no. 8(a) and (b). Syllabus is attached as Annexure-1 and Annexure-2.

Resolution:

(1) The restructuring, corrections and changes of course in syllabus of M.Sc. (Ag.) Science and Technology has been approved for implementation from 2020-2021.

- Title of the paper SAS/ST/C002 – Principles of Seed Production has been changed to Seed production: principles and practices.
- Title of the paper SAS/ST/C004 – Seed Physiology has been changed to Physiology of Seed.
- Title of the paper SAS/ST/C005 – Seed Processing and Storage has been changed to Processing, Storage and Deterioration. One unit is also added to the syllabus.
- Title of the paper SAS/ST/C010- Seed Pathology has been changed to Seed Pathology and Quarantine. New Syllabus related to quarantine has also been added to the paper.
- Title of the paper SAS/ST/C011- Seed Production in Vegetables has been changed to Principles and Techniques in Vegetable Seed production.
- New elective course SAS/ST/E008- Seed Entomology is included in M.Sc. syllabus.

(2) The restructuring, corrections and changes of course in syllabus of Pre-Ph.D. Science and Technology has been approved for implementation from 2020-2021.

- *As per UGC guideline (D.O.No.F.1-1/2018 dated December 2019) SAS/ST/E008- Research Publication and Ethics is included as core course in Ph.D. Syllabus.
- Course code SAS/ST/E008- Seed Disorder, Allelopathy and Recalcitrant Change to SAS/ST/E009.
- Course code SAS/ST/E009- Testing for Genuiness and Purity of Cultivars change to SAS/ST/E010.
- Course code SAS/ST/E010- Seed Production and Cultivation of Medicinal and Aromatic Plants (MAPs) changes to SAS/ST/E011.
- One new elective courses SAS/ST/E012- Tree Seed Technology added to Ph.D. Syllabus.
- One new elective course SAS/ST/E013- Advances in Seed Science Research is added to the syllabus.

*The Board had a detail discussion on the introduction of the Course on Research Publication and Ethics and existing Ph.D. Ordinance of the university and adopted the new course.

Proceedings of the 9th Board of Studies(BOS) in Forestry and Natural Resources, H.N.B. Garhwal University, held on 27/09/2017 and 28/09/2017 in the Committee room of Department of Forestry and NR.

The 9th meeting of the BOS in Forestry and NR was held on 27/09/2017 and 28/09/2017 in the Committee room of Department of Forestry and NR at 10:30 AM onwards. The following members were present:

- | | | |
|-------------------------|---------------------|---|
| 1. Dr. A. K. Negi | Chairman / Convenor |  |
| 2. Dr. Subhash Nautiyal | External Expert |  |
| 3. Prof. A. B. Bhatt | Member |  |
| 4. Prof. P. Prasad | Member |  |
| 5. Dr. D. S. Chauhan | Member |  |
| 6. Dr. B.P. Chamola | Member |  |

In addition following faculty members of the department were also present to discuss the progress of Ph.D students.

- | | |
|-----------------------|---|
| 1. Dr. Munesh Kumar |  |
| 2. Dr. S. S. Phartyal |  |
| 3. Dr. S. Dasgupta |  |

The meeting started with the welcome address by the chairman followed by the subsequent discussion of agenda items.

Agenda item 1. Confirmation of minutes of BOS meeting held on 20/02/2017.

Resolution: BOS confirmed the minutes of the 8th BOS meeting held on 20/02/2017.

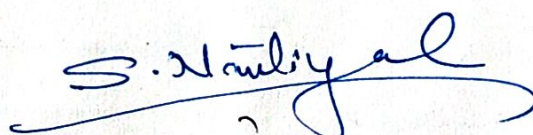

Agenda item 2. Amendment of Pre-PhD syllabus as per UGC regulation 2016 for M.Phil/PhD degree and subsequent ordinance for award of PhD degree by university 2017.

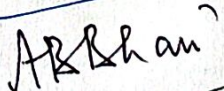

Resolution: Amendment as per the University ordinance for admission and award of Ph.D students were discussed in detail and the following changes were decided and approved.

- Modification in Core Course Contents and syllabus for Pre Ph.D Course Work. (Annexure-1)
- Course contents for elective courses remained unchanged.

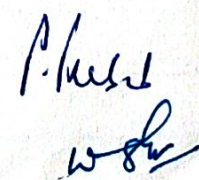

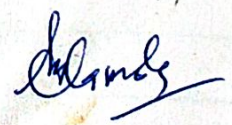

Agenda item 3. Reshuffling and change in B.Sc. Forestry syllabus.

Resolution: Approved as follows with effect from Session 2018 – 2019 (**Revised Syllabus; Annexure: 2**)

- *SOA/FC112T Forest Engineering and Survey and SOA/FC113P Forest Engineering and Survey Practical* to be shifted from Semester III to Semester IV.
- *SOA/FC115T Principles and practices of Silviculture and SOA/FC115P Principles and practices of Silviculture-Practical* to be shifted from Semester IV to Semester III.

Since both the course has same credit, there will be no change in the total credit allotted to the respective semesters.

- Issues related to B.Sc. syllabus was discussed in detailed and agreed upon the following:

- Considering the utility and time constrain the following families has been removed from the course SOA/FC123T Dendrology.
 - a. Rhizophoraceae
 - b. Ebenaceae
 - c. Sapotaceae
 - d. Elaeagnaceae
 - e. Liliaceae
 - f. Glusiaceae
 - g. Combretaceae
- Whereas Family added in the course SOA/FC123T Dendrology is: Cuprassiaceae
- The Course SOA/FE108T Tribology and Anthropology (2 credit) is removed from the B.Sc. Forestry syllabus. Instead the Courses SOA/FE121T Introductory Microbiology (1 credit) and Course SOA/FE121P Introductory Microbiology-Practical (1 credit) are agreed to be included. Syllabus for which is also decided and agreed upon.

Agenda item 4. External examiner shall be appointed for evaluation of M.Sc. term papers (Forestry) in affiliated college instead internal evaluation.

Resolution: Agreed as it is. To be implemented w.e.f this semester (July 2017 onwards)

Agenda item 5. In B.Sc.(Forestry) practical examination (CBCS), 100 (70 + 30) allotted marks shall be given by external examiner.

Resolution: Agreed as it is. To be implemented w.e.f this semester (July, 2017 onwards)

Resolutions: All members of BOS were discussed the syllabus and unanimously agreed to approve modified and corrected Course contents & syllabus by departmental committee and suggestion and modification made by subject expert (B.Sc Syllabus is enclosed as Annexure-1).

Agenda item no.3: To consider modification and approval of Pre PhD syllabus which was approved previous BOS of the department (held on 22/02/2020).

Syllabus was thoroughly discussed among the faculty members and all agreed to merged two papers (i.e. Research Methodology and Computer Application and Research Publication and Ethics) in to one paper as "Research Methodology and Publication Ethics" 4 Credits (3+1).

FORESTRY

**Revised Pre-PhD course work (One semester)
(Effective from Academic Session 2020)**

The course work shall consist of the following:

1. Core Course
2. Elective Course

Core course shall be mandatory for all students and the total number of credit for the core and elective courses shall be 15 with the following pattern.

Codes	Title of the paper	Credits (Marks)			
		Theory (External + Sessional)	Term paper	Practical	Total
CORE COURSE					
SOA/F/C561	Research Methodology & Publication Ethics	3 (60+20)	-	1(20)	4 (100)
SOA/F/C562	Forestry in context of climate change	2 (60+20)	-	1(20)	3 (100)
Elective Course					

[Handwritten signatures and initials]

SOA/F/E571	Cultivation of commercially important medicinal & aromatic plants	3 (60+20)	-	1(20)	4 (100)
SOA/F/E572	Ecotourism: Concept and approaches	3 (60+20)	-	1(20)	4 (100)
SOA/F/E573	Modern Nursery Production	3 (60+20)	-	1(20)	4 (100)
SOA/F/E574	Application of Remote sensing and GIS	3 (60+20)	-	1(20)	4 (100)
SOA/F/E575	Microbial Biotechnology in forestry	3 (60+20)	-	1(20)	4 (100)

Note: The two core courses are compulsory out of five elective, students must select any two depending on the availability of faculty.

Resolution: The members were agreed that one paper with two part A: Research Methodology & B: Publication Ethics in core course of Pre-PhD (Enclosed as Annexure-II).

Agenda item no.4: Revision and approval of essential qualification for the recruitment of Assistant Professor, Associate Professor and Professor in upcoming recruitment in the Forestry and mentioning specialization in M.Sc. Mark sheets/degree.

Resolution: Forestry as a discipline has dual governing authorities at national level- Indian Council of Agricultural Research (ICAR) and Indian Council of Forestry Research and Education (ICFRE). B.Sc Forestry (Hons.) has been recognized by ICAR as a professional degree (similar to B.Sc. Agri. and B.Tech. degrees) and in majority of agricultural universities it exists either as a separate Faculty (School) or Faculty (School) along with Horticulture. B.Sc. (Hons) Forestry syllabus is also framed by ICAR.

ICFRE takes care of M.Sc. Forestry syllabus. Forestry outside Indian Agricultural Universities is restricted only to 5-6 Universities/Institutes. All of them generally follow ICAR rules and regulations.

ICAR has recognized five specializations in Forestry:- Silviculture and Agroforestry, Wood Product and Utilization, Forest Biology and Tree Improvement, Natural Resource Management, Wildlife Sciences and the M.Sc. degree awarded as M.Sc. Forestry (with Specialization).

For jobs at ICAR institutes/ Agricultural Universities, candidates should have 4 years Forestry Degree + 2 years M.Sc. degree with specialization in required field. ICAR and its institutes do not consider candidate if they do not have 4 years Forestry Degree.

For teaching Forestry at undergraduate and postgraduate level 4 years degree and specialization at M.Sc. and Ph.D. level is must. Keeping this in view BOs members unanimously recommend that:

1. Change qualification for Assistant Professor in Forestry as B.Sc. 4 year's degree+ 2 years M.Sc. degree (specialization in required field) with NET/Ph.D. For Associate Professor and Professor besides above Degree the teaching experience in Forestry shall be mandatory for 8 and 10 years respectively.
2. This department is already having 4 specializations at M.Sc. level, therefore, specialization should be written/printed on M.Sc. Forestry Mark sheet /degree.
3. For proper teaching, future vacancies are advertised as per the requirement of the department. Department have following specialized teachers in its faculty and needs following specialization against the vacant post as well as after super nation of current teachers as their respective field:

 Dr. R.C. Sundriyal: Forest Management, Polices and Biometry (Basic Post- Professor)

Vacant Post: Forest Genetics and Tree Improvement (Basic Post-Associate Professor)

4. This was also recommended by BOS in its meeting, held on 14-02-2014, but no action has been taken by the university.
5. This all is necessary not only for better future of department and students but also in enhancing the reputation and ranking of this department in /ICFRE/ICAR Accreditation and University ranking in NIRF/NAAC.
6. If needed the matter be placed before Academic Council as well as Executive Council.

Agenda item no.5: Presentation and approval of synopsis of new Ph.D students of 2019 Batch.

Resolution: Three students have presented their synopsis and all members of BOS approve their synopsis with some modifications as well as their supervisors, which were as follows:

Name of Students

Semalty to all the Sciences and life sciences UG and PG students who are interested in the course. The course will be an additional knowledge for their career in Pharma Industry. After successful completion of the course a certificate will be issued and it shall be mentioned in the marks sheet as add on course (without credit).

Agenda Item No. 7: To consider the revision of the syllabi of the courses being run at HAPPRC.

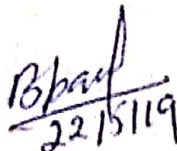

Brief: Periodic updating of the syllabus as per the advancement in the knowledge in the concerned subject area is often required. The matter was put for discussion in the 13th meeting of BOS also by the Chairman under Item 7. This has further been emphasized in a recent meeting of Vice-Chancellor with Deans and HoDs. The feedback obtained from the students on this aspect has been communicated by IQAC. It needs deliberation in BOS.

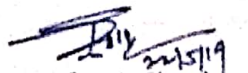

Resolution: The Board had a detail discussion on the matter and decided to seek inputs from the industry sector for inclusion of pharma industry related issues/content in the syllabus of the programme M.Sc. (Medicinal and Aromatic Plants), it being of applied nature. Therefore, the BOS decided to discuss the matter in next meeting after obtaining the inputs from the industry.

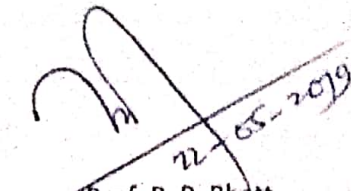

Agenda Item No. 8: Any other item.

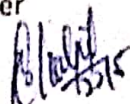

No other item was put for discussion.

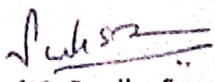

The meeting concluded with vote of thanks to all the members of the Board.
