Course Title: Field Visit**Course Code:** SOS/ECO(E)/404 (h)**Credits:** 3 (Three)

Course Outcome: The course aims to give practical exposure to the students to various enterprises so that they could observe the various aspects of which they may have subjective knowledge. The course further aims to present face to face interaction between students and entrepreneurs so that they could not only observe their functioning and working environment but to also learn from them various aspects to plan, execute and run an enterprise. Apart from getting the first hand exposure to an enterprise, at the end of the course the student will be able to adequately learn the structural model of an enterprise, its overall working pattern, its execution, it's necessary concerns and how it is associated with other sectors. The course will not only be significant to the students who want to broaden their subjective knowledge but will also inspire them to become successful entrepreneurs.

General outline of activities:

The course coordinators i.e. faculty members of the department in consultation with students will plan a visit to any industrial unit or to any rural enterprise(s) of Uttarakhand state. The students will visit these enterprises along with their course coordinators and will learn the working of these enterprises with the help of observation and interview schedule methods. The students are expected to develop a complete structure of the working pattern of the enterprise and further with the help of interaction with the entrepreneurs, are expected to summarize the adopted plan of starting the enterprise, the execution stage of the plan and various problems faced in running these enterprises. The input-output layout of the enterprise along with marketing structure and financial support and assistance should be examined by the students in their study.

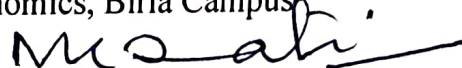

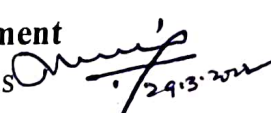

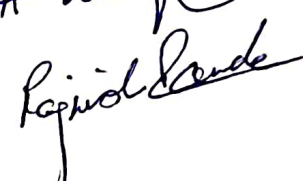

At the end of their study the students are expected to submit a report based on their experiences, observations and findings. The report should be formed in the following format: (a) Introduction to the enterprise (b) Planning of opening the enterprise, deciding the location, seeking financial support etc (c) Working pattern of the enterprise- Input-output analysis, operational aspects, marketing aspects etc (d) Problems in the running the enterprise (e) Comments- The comments should be based on the students experience and what he/she has learnt apart from the subjective knowledge they already possess. The comment section should also include a SWOT analysis of the enterprise based on their observations and findings. The students could support their report with photographs, case study (interaction with employer/employees etc)
